- **Guest Comments**
 - Equestrian Center – Equestrian center discussion. Maintenance issues. A list circulated prior to meeting. Some items have already been addressed by staff. Steve took notes. A photo slide displayed about 18 pictures of maintenance issues. Drainage concerns exasperated by the lack of proactive procedures that past manager Louise used to take care of. Louis did a lot of tasks that we do not even know are part of the job description. Horse owners asked if they could help do maintenance and repairs. Steve said if he is asked with a description of the work prior it could be approved. A comparison was made to the Tuesday work group. Alex stated it would be beneficial if the horse owners had a primary contact that could communicate with Cindy or Steve. It would be easier for staff to work with one person. It was emphasized to use the on-line canyon lake maintenance request for to ask for needed repairs. Discussion regarding emergency repairs needed. It was pointed out during afterhours for an emergency repair concern contact community patrol.
