Updates From Chair Kevin Thayer on signage at happy camp. The board decided not at this time. Exciting news the idea from our committee to place a new dock at the North Lake has moved to FPC for review. Paul Hawker's idea for the Fiesta day theme 250 years of America was adapted.

Jude Donahue brought up the swim up dock platform at Indian Beach for discussion. It was agreed this would be a good topic for new business at our next meeting. Possible other locations for a similar swim up dock platform.
